STUDENT PERFORMANCES

Students, as part of the education program, may participate in contests or other public and private events approved by the superintendent that will be of benefit to the student and the education program. Public performances by students of the Pleasanton Schools are encouraged. All performances shall be under the direction of a sponsor, and part of the educational program of the school. Performance at such events is a privilege.

Students, who perform at such events, serve as ambassadors of the school district and must conduct themselves in the same manner as required in the regular school day. Students who fail to abide by this policy and the administrative regulations supporting it may be subject to disciplinary measures.

Contests or other performances by students unapproved by the superintendent shall be the responsibility of the parent and the student.
