

Junior/Senior High

Test Retake and Missing Assignment Grading

Protocol:

For this semester we have developed a unified plan on test retakes and due dates for all missing assignments. This was done to create consistency throughout the school from classroom to classroom for the Junior and Senior High school students and teachers.

For test retakes, students will be granted one test retake per quarter per class, the higher of the two test grades will be recorded as their test score.

Any missing assignments or redo's on homework, quizzes, etc... will be due at the beginning of class the day of the corresponding unit or chapter test covering that assigned material. Any of those corresponding assignments turned in after the test has been given will receive a zero.

This plan was developed to better serve and prepare our students for their future by assisting them to become more responsible and to be more accountable for their own education.
